REDEMPTIVE EDUCATION : PART 7

Redemptive Education should create awareness of one's self. If every teacher can teach and help the student to implement the beatitudes taught by the Master teacher, not only does the self-awareness materialize but the character gets shaped too.

1. The meekness manifested in the home, will make the inmates happy; it provokes no quarrel, gives back no

angry answer, but soothes the irritated temper and diffuses a gentleness that is felt by all within its charmed circle. Wherever cherished, it makes the families of the earth a part of the one great family above. Such virtue can become contagious within the family and when faithfully practiced can encircle this planet and the whole earth reflect the character of the creator. Even if the meek are few, they have the might to inherit the earth like Mahatma Gandhi, Mother Teresa etc.

2. "The heart of man is by nature cold and dark and unloving; whenever one manifests a spirit of mercy and forgiveness, he does it not of himself, but through the influence of the divine

spirit moving upon his heart. "MB 21.3 There are so many burdened people on this planet, people who are going through pain, suffering, and sorrow. They are overloaded with diverse troubles that are amassing stress and leading them to depression. Unfortunately, few who fail to handle them are committing suicide. Through redemptive education, we can train our students to exhibit mercy with soothing words and loving deeds. As we all are exposed to the great controversy between good and evil, God and devil, no one may continuously be at peace but each of us when we are at peace show mercy to the ones under the yoke of burden, we are sure to get it in back when it is our turn to receive.

3. "The pure in heart see God in a new and endearing relation, as their Redeemer; and while they discern the purity and loveliness of His character, they long to reflect His image. They see Him as a Father longing to embrace a repenting son, and their hearts are filled with joy unspeakable and full of glory. The pure in heart discern the Creator in the works of His mighty hand, in the things of beauty that comprise the universe. In His written word they read in clearer lines the revelation of His mercy, His goodness, and His grace." MB 26.3&4

4. Redemptive Education should prepare students to be harbingers of peace. Peace is an attribute of God and we should be called the sons and daughters of the Creator God, we need to inculcate this noteworthy attribute called "Peace." If you are to be the children of God, you cannot afford to seek revenge which is the attribute of the devil. Instead, as children of God, we need to carry forward his intentions of loving our enemies. We can't love our enemies unless we have peace deep down in our hearts and become peacemakers. What a joy it is to be called the children of God.
